

SAINT FELIX SCHOOL
SOUTHWOLD

School Transport Bad Weather Policy

On days when weather conditions make the roads dangerous we will suspend the school minibus service. This includes days when there is black ice, high winds, or risks of flooding as well as snow days. Notification of this will be sent via Clarion Call.

On days such as this, parents should check their text messages and email's before sending their son/ daughter to catch the bus in the morning. If the cancellation of the bus means it is impossible for a parent to get their son/ daughter to school that day the parent should ring the school and report him as absent. However, it is expected that parents will make every effort to get their son to school using some other means if the school is open on that day. There will be days when the school bus is cancelled because of the high risk of having an accident due to the nature of the vehicle and the roads it is going along, but on which the risk of a private car having an accident are slight. Pupils should not wait any longer than 20 minutes at the collection point. Should the School bus not arrive within this time pupils should return home immediately and contact the school on 01502 722175.
