

Dear Parents

This week, our 'Pets' theme has been very popular with the children. Our role play area was transformed into a pet shop where the children enjoyed buying and selling all manner of pets. They have also been creative, recycling plastic milk bottles to make sparkly fish and making their own play dough pets.

On Tuesday the children had fun making pancakes which they ate at snack time; they enjoyed watching Mrs Barbrook tossing and catching the pancakes. World Book Day on Thursday was also a great success. The children looked wonderful in their costumes and they enjoyed listening to a range of stories.

We are looking to replace the pushchairs that we use in the Nursery. If you have a pushchair that you no longer use, would you please speak to any of the Nursery staff as it might be just what we need.

Care Club pick up time

Would all parents who collect children from Care Club please note that it finishes at 5pm. If you have an emergency after this time, please phone the school or arrange for another parent to collect your child. Likewise, if you have children in Clough House to collect, please call in to Bronte first. Our staff have commitments after school and they need to leave at 5pm sharp. There is a late charge for collection after this time. Thank you.

After school use of playground

As the evenings become lighter, many parents allow their children to stay and play with their friends in the school playground. May I remind you that once your child has been collected from the Nursery, the responsibility for their care and safety lies with the collecting adult. Use of playground equipment is discouraged due to the possibility of accidents. No child should ever be left unsupervised on school grounds. Thank you for your understanding.

Dates for your diary

Friday 15th March – Comic Relief

Friday 5th April – Easter Extravaganza 2pm, and last day of term.

Yours sincerely,

Amanda Stephens
